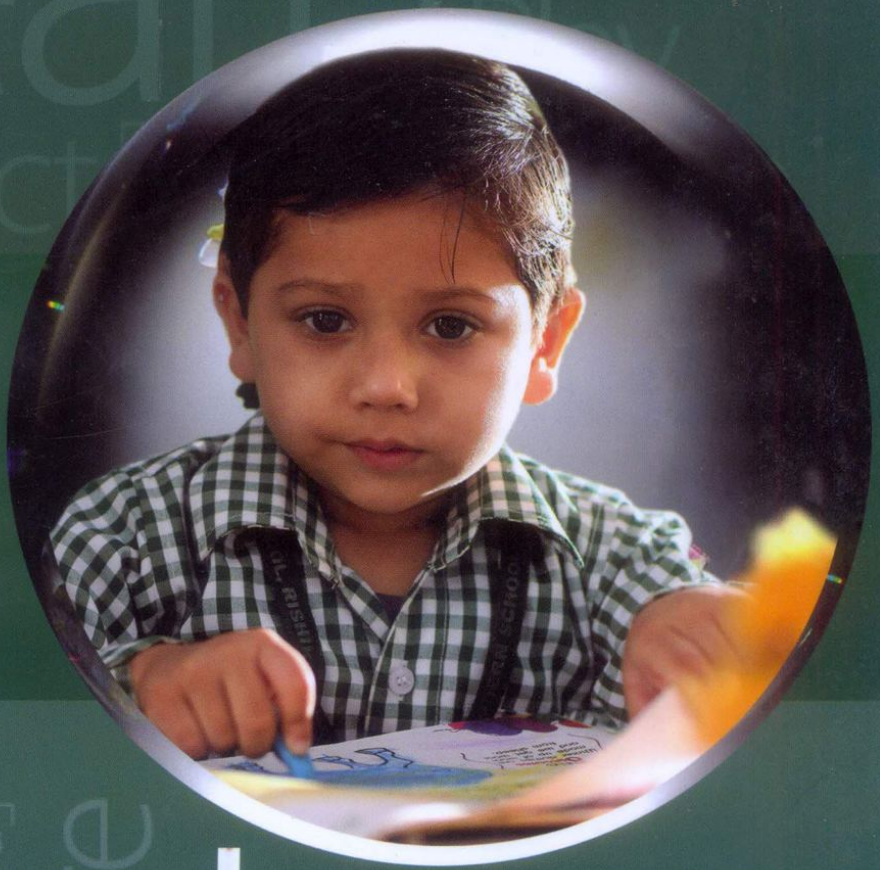
MODERN SCHOOL RISHIKESH



Founder President

H.G JUYAL

Modern School Rishikesh was established way back in 1970 with a vision to provide quality education to the people of Rishikesh and its nearby area. The school since then has come a long way. Starting with just few students, we now have grown into a family of three schools and an institute of higher learning MIT, Rishikesh. The school is providing the best possible education to the students. I am sure your child will develop and nourish by becoming part of this institution.

"If you can dream it, you can do it."

A Word from the Principal

Smt. U. Juyal

Modern School is committed to provide quality and standard education in keeping with modern methods and techniques. Our endeavour is to inculcate good habits, discipline and civic sense among the students, which ultimately makes them cultured and civilized in the fuller sense.

I welcome you to the family of Modern School. Our achievements in academics have been distinguished. We have cent percent results with credits and distinctions. Alongwith emphasis on academics, stress is laid on extra and co-curricular activities such as debates, declamations, dramatics, quiz contests and sports.

Wishing all of you the very best in life and an outstanding career by growing with our motto,

"Speak Less, Act More"

Birth & Inception

Modern School, Rishikesh saw the light of the day on 1st July 1970. The institute came into existence with a motive of preparing students to become better citizens of tomorrow.

Our Main Objective

To impart quality education to children in keeping with the modern methods and techniques.

Our Endeavour

To inculcate good habits, discipline and civic sense among the students, which ultimately makes them cultured and civilised in its fuller sense.

To impart value education to students.

Our Motto

"Speak Less Act More"

Affiliation

The School is affiliated to the CISCE, New Delhi. The medium of education is English.

Same as summer uniform of Saturday with blazer.

Recommendation to Guardians

In order to secure all that is best in the education of the child, maximum co-operation between parents and school authorities is desired. We earnestly recommend that parents or guardians should look into their child's school diary everyday and see to it that the lessons and home work assigned for the next day is done. The child should be encouraged to cultivate neatness habitually and slovenliness should be firmly disapproved of Remark or reports made in the diary, should be seen and countersigned regularly.

Parents must please see that their children are provided with necessary books and stationery. Neither borrowing nor lending is allowed in the School.

Should you feel that your child is not making the desired progress, the Principal should be contacted. Private tuitions are strongly discouraged. However, if there is real need of a private tutor, consult the Principal.

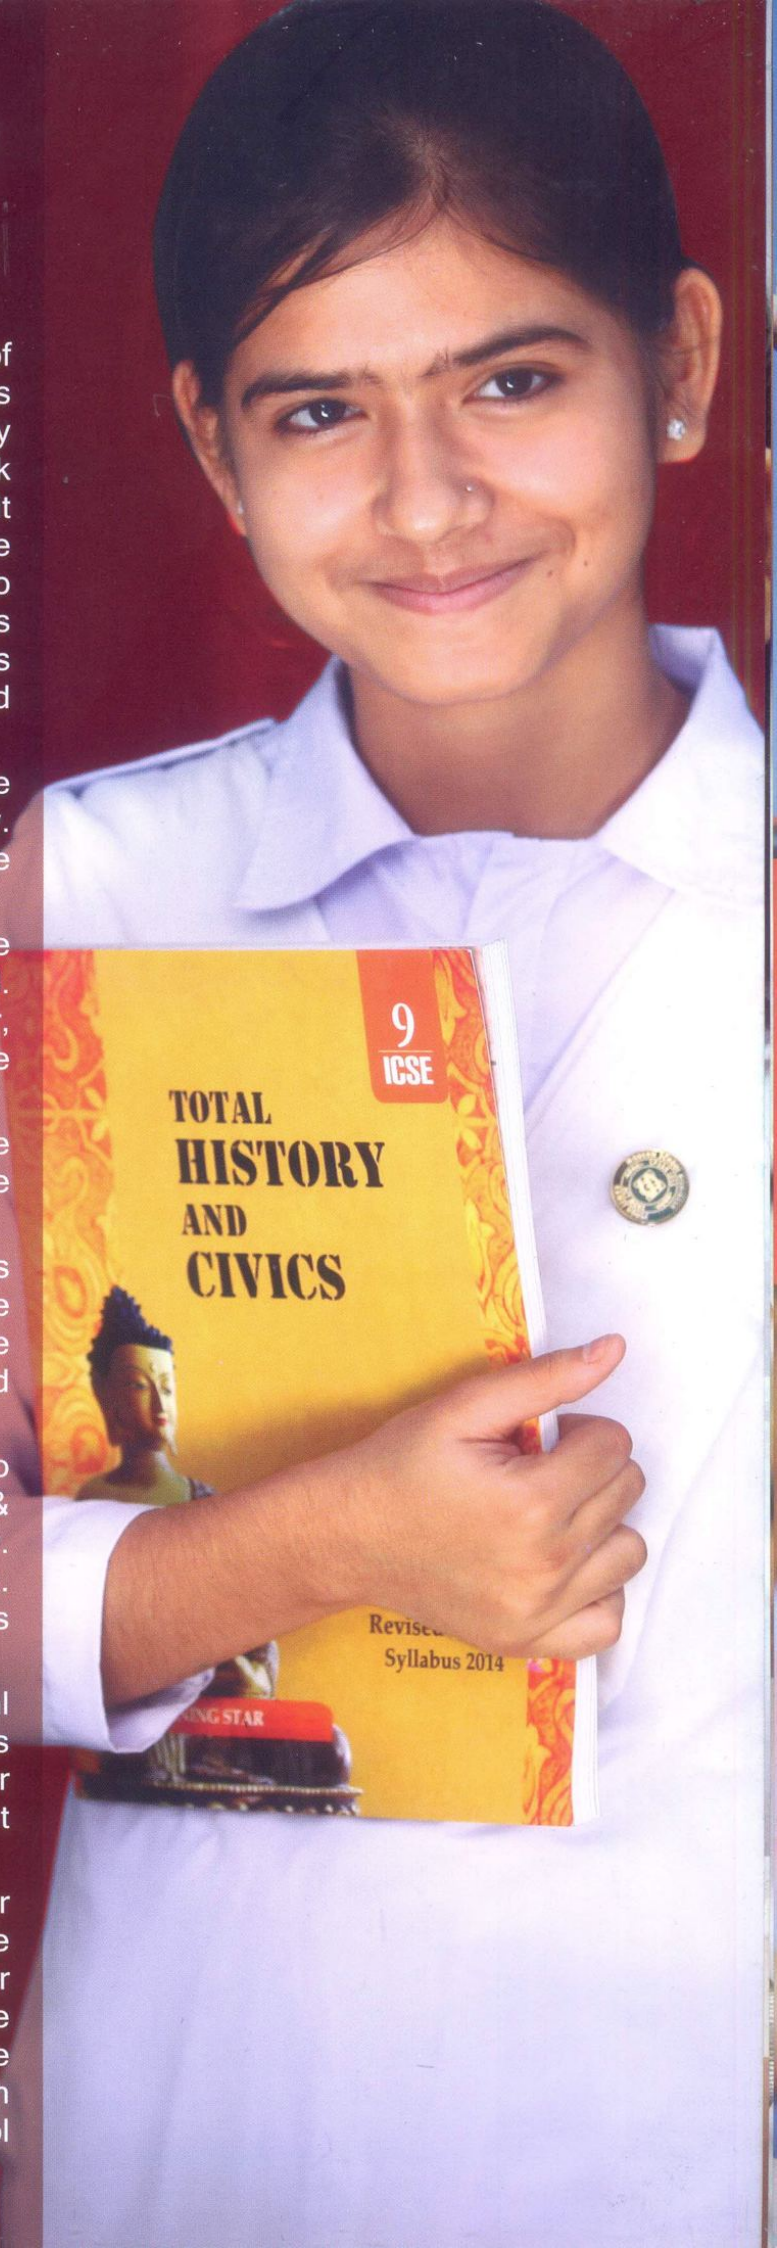
Parents are requested not to visit the teacher or the pupils during class hours. All business will be transacted in the office on appointment.

Criticism of a teacher or the School, in the child's presence should be avoided, because it makes the child lose respect for his/her teacher with the consequent failure to learn from him or her. Should you have a legitimate complaint, see the Principal.

As your child advance in age, guide him/her to become a resourceful and useful member of home & country. Encourage self help for work and study. He/she should be taught to do some house work. The inculcation of such habits, early in life makes him/her learn the dignity of labour.

Withdrawal of your child from class for mere social functions is not recommended, because it retards the child's progress in school and minimizes his/her interest for regular hard work, with consequent failure to progress in his/her studies.

Should there be any infectious disease in your family, please report the fact to the Principal at once and do not send your child in the class, till the danger of infection has passed. A doctor's certificate permitting attendance at school, should be produced. If your child fails to produce such certificate, he/she may be sent home during school hours.



The physics lab of Modern School is central, integrate and sacred. it is in the laboratory that physics student learn to perform procedure collect and analyze data and think about new question to explore. It is merely not a room with a no. of apparatus and equipments but also a place where students come to know what physics actually is.

School Discipline

"Discipline is the continued exercise of the will, enlightened by the intellect, so that it may act easily and habitually according to Right order and help the child to attain SELF MASTERY".

Hence the school expects every child to contribute to discipline of the School.

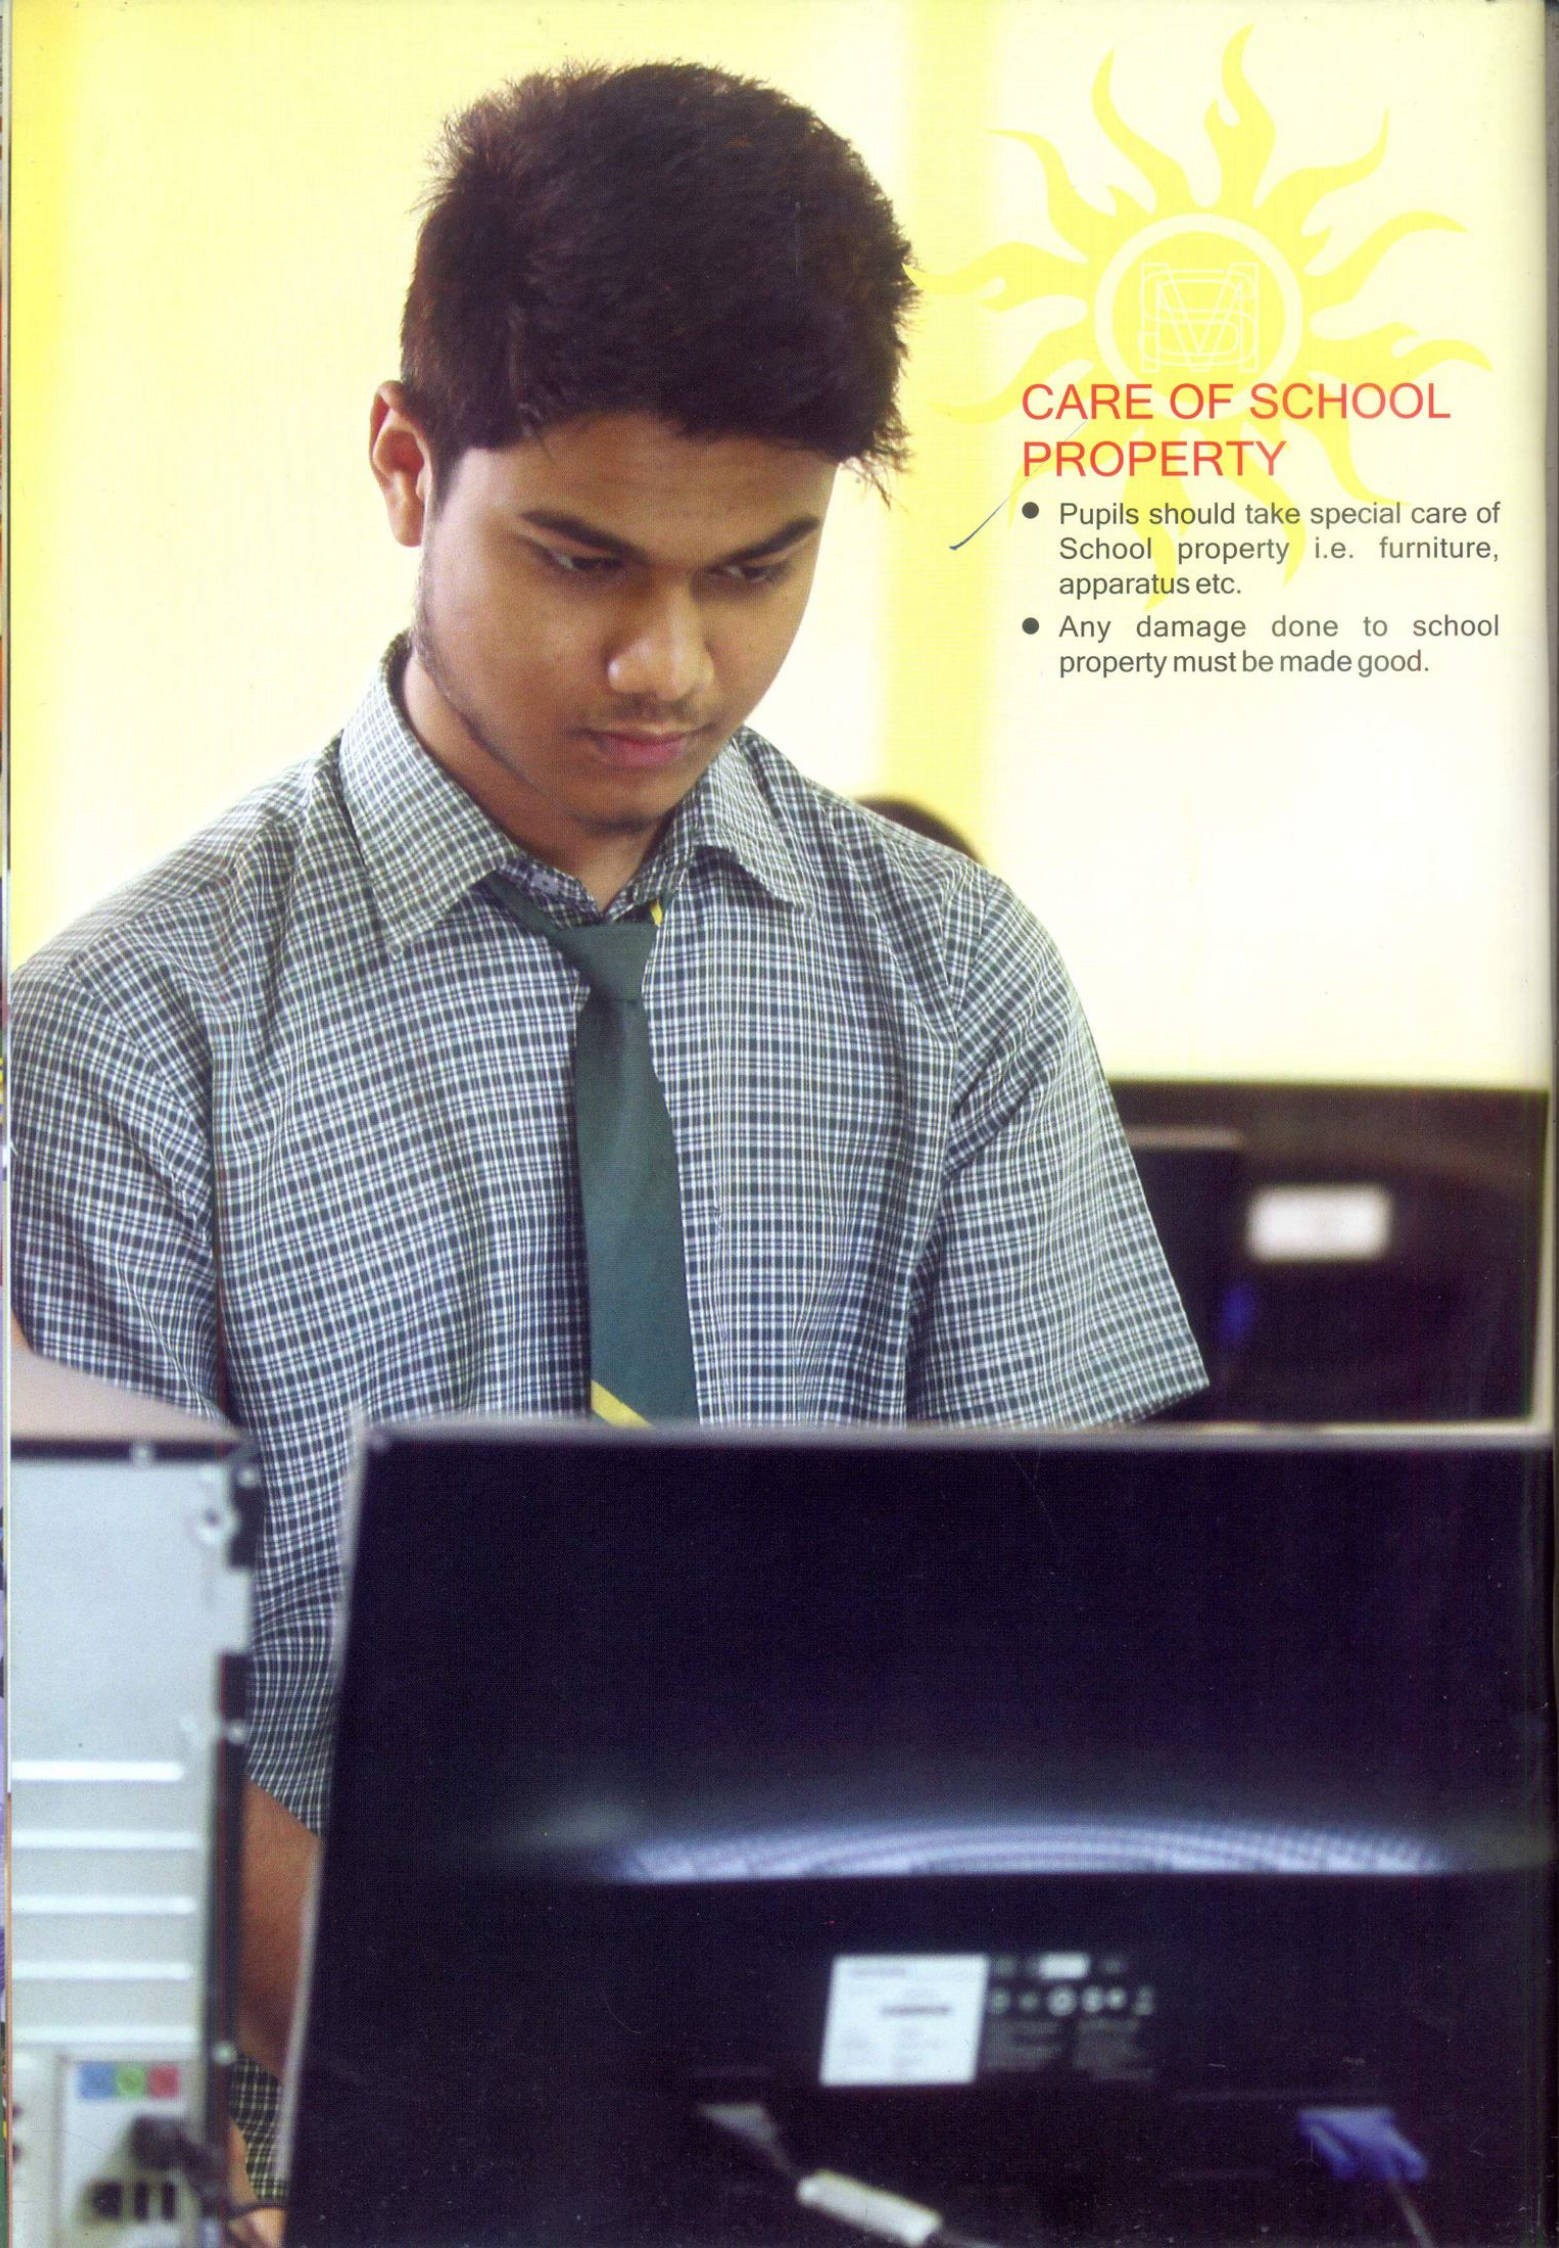
PUNCTUALITY

- Every pupil is expected to be in School 5 minutes before the Assembly Bell. If pupils are late, they will receive two warning notices and after that they are liable to be sent home at the parents own risk.
- At the first bell, all are expected to stop wherever they may be, while the teachers proceed to the place of ASSEMBLY or Class-Rooms to receive their pupils. The pupils use the PAUSE to compose themselves and prepare for the WORK SHIFT.
- No student who is absent or is late in school, will be admitted to the class by Teacher Incharge, without Principal's Signature.

SILENCE

- Special care must be taken by teachers and pupils to preserve an ATMOSPHERE OF SILENCE AND SERIOUS WORK during class hours.

The most interesting part in our school routine is doing practical in our chemistry lab. While doing work with the reagents, the changes in their colours not only gives a magical experience but also clears our concept.



CARE OF SCHOOL PROPERTY

- Pupils should take special care of School property i.e. furniture, apparatus etc.
- Any damage done to school property must be made good.

ORDER

- Running, playing, shouting and whistling inside the school building is not allowed.
- When moving along corridors from one class to another, the rule is always KEEP LEFT and respect classes at work by moving with no noise.
- No pupil is permitted to enter the Teachers Staff Room or Teachers Quarters.
- No child will be permitted to run errant during class hours, nor will a child be permitted to come to the Principal's office during class hours, except for a justifiable or urgent reason.
- Pupils must not remain in the classroom during the recess.
- Pupils may use the telephone with permission, in urgent cases.
- Books, Newspapers, Periodicals and Magazines are not allowed to be brought in the school, without the knowledge and sanction of the Principal. Such magazines are liable to the confiscated.
- No collection for any purpose whatsoever may be made in the school, without the permission of the Principal.

COURTSEY

- Pupils shall always greet their Teachers, elders and friends in a pleasant and audible tone of voice, wherever they meet them, in school or outside.
- They shall maintain good posture whenever they sit, stand or walk.
- They shall be polite in speaking to one another, avoiding use of slang and unpleasant expressions.

SCHOOL CLEANLINESS

- All must consider in their social responsibility to keep the school premises clean.
- Every child must be particularly careful to avoid throwing waste paper, fruit-peels outside, through school windows or on the school grounds. Use should be made of the waste paper baskets and bins provided for this purpose.
